

Enter a World of Style with
Contemporary Composite Doors

CONTEMPORARY COMPOSITE DOORS

Sleek, stylish, modern

Senator's Contemporary Composite Doors are the perfect combination of style and function using a revolutionary high density PU core along with a 56mm triple glazed unit. An ultra strong Durohalts composite structure has been created and laminated to a Renolit foil finish on the surface, giving massive strength and security in the home. The result is an uncompromising mix of style, energy-efficiency and security, thanks to advanced locking systems strong enough to deter the most determined burglar.

- A choice of inward or outward opening. Low threshold and wheelchair accessible options available.
- Excellent U-value rating as low as 0.79 W/m²K for the solid doors and 0.83 W/m²K for doors with glass. These U-values include the frame.
- All units are triple glazed as standard with sidelights and toplights available. Backing glass available as standard in Clear, Flemish, Stippolyte, Cotswold, Minster and Satin. Please note glass units are not replaceable.
- High security cylinders, handles and locking systems. The GU Locking System is used with Lever Handles. Slam lock is provided with Offset, Curved and Slendertech Handles. Thumbturn locking option available.
- Weather bar as standard for additional protection against wind and rain.
- Marine grade stainless steel strips are optional on the interior of Leslie, Ross & Troy doors.
- Backed by a 15 year guarantee*.

CREATING THE PERFECT HOME IS A JOURNEY AND WE'RE WITH YOU EVERY STEP OF THE WAY

With Senator, you're in great hands. We've been delivering quality, value, style and innovation since 1985. Senator Windows is a member of the dynamic Gowan Group, giving us the support we need to continue raising and setting standards on safety, insulation, durability and style. Our windows and doors can be seen in homes all over Ireland - from exposed coastlines, to windswept hillsides, to noisy cities. All of our composite doors carry a 15 year guarantee* and we often hear from customers whose Senator products have kept them dry, warm and cosy well beyond that.

Few people purchase windows and doors more than once or twice in a lifetime, that's why it's important to have experts on your side. Senator's nationwide network of dealers and sales representatives is there to support you on your journey, with expert advice on styling, accessories and installation.

Every house is unique and every family's needs are different. Senator representatives work hand-in-hand with the craft team at our state-of-the-art manufacturing facility in Wexford, where attention to detail and an insistence on quality raw materials ensure that your doors and windows will perform as promised, far into the future.

Whilst every effort has been made to ensure the accuracy of the information and material contained in this brochure, the colours and finishes shown are indicative only and due to limitations in the printing process, actual colours may vary based on whether you are viewing the brochure on screen or in printed form. We would advise that the best way to experience the Senator Windows' colour range is to visit one of our showrooms. If you are not in a position to attend our showrooms, please contact one of our sales advisors and they will arrange an appointment with you to discuss the Senator Windows' colour options at a time and location suitable to you. Whilst every effort is made to keep Senator Windows brochures, website and publicity materials up-to-date, sometimes changes are made for technical or other reasons. We therefore reserve the right, at our sole discretion, to change, modify or alter our products and information at any time as new techniques, materials and systems dictate. The images and data shown in this brochure are for illustration purposes only and are not binding in detail, colour or specification.

* For 15 year guarantee information and full guarantee terms and conditions please contact your local dealer. Some exclusions apply.

DESIGN AND VISUALISE YOUR IDEAL DOOR

Senator's 'Door Designer & Visualiser' will help you decide what style of Composite Front Door and frame you want and what colours will look best. First of all, you choose the style of door you want, then choose colours for the frame and door, the glazing style you want, the handles and letterbox. You can experiment as much as you want, mixing and matching until you find your ideal front door. Simply take a photograph of the front of your house, upload it to the Senator Visualiser and discover how each style of door would look on your home. Try it now on senatorwindows.ie.
